

§ 285.507

30 CFR Ch. II (7–1–11 Edition)

(i) Upon the completion of the first year of commercial operations on the lease, MMS may adjust the capacity factor as necessary (to accurately represent a comparison of actual production over a given period of time with the amount of power a facility would have produced if it had run at full capacity) in a subsequent year.

(ii) After the first adjustment, MMS may adjust the capacity factor (to accurately represent a comparison of actual generation over a given period of time with the amount of power a facility would have generated if it had run at full capacity) no earlier than in 5-year intervals from the most recent year that MMS adjusts the capacity factor.

(iii) The process by which MMS will adjust the capacity factor, including any calculations (incorporating an average capacity factor reflecting actual operating experience), will be specified in the lease. The operator or lessee may request review and adjustment of the capacity factor under § 285.510.

(4) Ten days after the anniversary date of when you began to commercially generate electricity, you must submit to MMS documentation of the gross annual generation of electricity produced by the generating facility on the lease. You must use the same information collection form as authorized by the EIA for this information.

(5) For the nameplate capacity (M), MMS will use the total installed capacity of the equipment you install, as specified in your approved COP.

(d) You must submit all operating fee payments to MMS in accordance with the provisions under § 218.51 of this chapter.

(e) The MMS will establish the operating fee in the Final Sale Notice or in the lease on a case-by-case basis for:

(1) Activities that do not relate to the generation of electricity (e.g., hydrogen production), and

(2) Leases issued for hydrokinetic activities requiring a FERC license.

§ 285.507 What rent payments must I pay on a project easement?

The affected area includes the areal extent of anchor chains, risers, and other devices associated with a site outside the corridor.

(b) For each RUE grant MMS approves under subpart C of this part, you must pay a rent of:

The responsible person identified is designated as the payor, and you must document acceptance of such responsibilities, as provided in § 218.52 of this chapter.
